If you would like resources on any of our other cancer prevention key messages, please let us know below and we can contact you to follow up.

Cancer Council Tasmania is a not-for-profit organisation that works to minimise the incidence and impact of cancer on all Tasmanians through advocacy, raising awareness of cancer prevention and offering support and information to anyone impacted by the disease.

Cancer Council Tasmania relies on generous donations to provide our services and resources to Tasmanians.

To make a donation, please visit our website at www.cancer.org.au/tas or call 1300 65 65 85.
